Additional for Premium Paint	€ 400

12 Year Anti-corrosion Warranty & 5 Year Mechanical Warranty

- The above prices include Import Taxes, VAT 19%, Registration and Road Tax.
- Prices, equipment and technical specification may change without prior notification.

Fuel, performance and emissions	Torque Nm	CO2 Emission (g/km)	Fuel consumption (L/100 km)			Max speed (km/h)	0-100 km/h (secs)
			Urban	Extra Urban	Combined		
1.5 200PS (6-speed manual)	290	136	7.6	5.1	6.0	232	6.5

From 1 September 2017, certain new vehicles will be type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP), which is a new, more realistic test procedure for measuring fuel consumption and CO2 emissions. From 1 September 2018 the WLTP will fully replace the New European Drive Cycle (NEDC), which is the current test procedure. During NEDC Phase-out, WLTP fuel consumption and CO2 emissions are being correlated back to NEDC and will be shown as CO2mPas figures. There will be some variance to the previous fuel economy and emissions as some elements of the tests have altered i.e., same car might have different reported fuel consumption and CO2 emissions. The figures in the table above are CO2mPas figures.
